

HENDEL HOMES

HenDel Homes, one of the premier luxury builders in the Twin Cities, offers a unique opportunity for the client looking for the added value of creative input and extraordinary attention to detail in their home building or major renovation project. Whether you are working with an architect or just starting out, HenDel easily communicates the language of design and building, developing an experience and relationship that will remain throughout the project. Combining authentic character with innovative design and technology, HenDel works to assure that every detail of your new home will work together to distinguish it from the ordinary. From the design process to the skilled craftsmen who turn your vision into reality, HenDel Homes is committed to setting standards of excellence in the building industry.
